

Dignity Health, Maricopa County: twenty-two centers wear the USPI mark, Tenet lists twenty, and none is a Dignity account

One health system's surgery centers in one county, ranked by how far the buying decision sits from the name on the door, with the door to call at each. Every row from a public record, dated. A sample of the Fit Assessment. CertaGrid Health, Inc., 12 October 2026.

Arizona Care Network, "the value-based provider network for Dignity Health and Abrazo Health" in its own words, marks 22 of the 46 surgery centers in its 2025 directory as USPI facilities. The state licenses 21 of them; Tenet's subsidiary list, filed 17 February 2026, names the licensee of 20 and the sole member of the 21st. Dignity Health's name is on two hospital licenses and on no surgery-center license read. Which record governs decides where a sales effort lands: USPI's Phoenix region, Dignity's Arizona market, a gastroenterology management company, a urology practice, a corporate member on one orthopedic center, a Maryland developer, or HonorHealth. The Dignity account row is the hospital door; the column in bold is the one to read first.

MARICOPA COUNTY, ARIZONA

Facility (city)	Name on the door	Who holds the license, who is behind it, and when the record says so	Where the buying decision sits	What runs here, and who chose it	Payer programs	Medicare patients, 2024 ¹	Record
1 St. Joseph's Outpatient Surgery Center (Phoenix, beside St. Joseph's Hospital; "pain, ortho, neuro spine and total joints" per USPI's posting)	A Dignity hospital's name. Marked USPI	Licensee St. Joseph's Outpatient Surgery Center, LLC, on Tenet's list. Its sole member since 2012 is printed truncated; the only company with that name stem then in existence is Dignity/USP Phoenix Surgery Centers, LLC (2003; members Catholic Healthcare West and USP Phoenix Inc), which Tenet does not list. The 2015 company Tenet lists, Dignity/USP Phoenix Surgery Centers II, has no license read beneath it	Fleet standards: USPI, which "operates the facilities on a day-to-day basis through management services contracts" (10-K). Site tools: the administrator and the physician board. Dignity is not the operator	USPI's web template; One Medical Passport; Joint Commission. Chosen fleet-wide (probable)	ACN, marked. Site: "most major commercial insurance, HMO/PPO plans, Medicare, Workers Compensation"	Mid; 886	AZ Care Check; ACC L10591617, L10720006, L20536546; Tenet Exh. 21; sjosc.com
2 Center for Advanced Surgery (Gilbert)	Its own. Marked USPI	Licensee Warner Park Surgery Center, LLC, on Tenet's list. One of its three managers, Larissa Spraker, is seated at 1955 W Frye Rd, the address on Chandler Regional's hospital license	Fleet standards: USPI. Site tools: the administrator and physicians. What the Dignity-address seat decides is not on the record	USPI's web template; no pre-registration vendor named; AAAHC. Chosen fleet-wide (probable)	ACN, marked	Mid; 861	AZ Care Check; ACC L21753255; Tenet Exh. 21; thecenterforadvancedsurgery.com
3 Arizona Specialty Surgery Center (Chandler)	The site says "Dignity Health Arizona Specialty Surgery Center"; the license does not. Marked USPI	Licensee Physician Surgery Center of Tempe, LLC, on Tenet's list as an Oklahoma LLC. USPI's own posting calls it "USPI Arizona Specialty Surgery Center"	Fleet standards: USPI. Site tools: the administrator and physicians. The Dignity name is a brand line; the licensee is Tenet's	USPI's web template; One Medical Passport; AAAHC. Chosen fleet-wide (probable)	ACN, marked	Mid; 563	AZ Care Check; Tenet Exh. 21; azspecialtysc.com; careers.uspi.com

	Facility (city)	Name on the door	Who holds the license, who is behind it, and when the record says so	Where the buying decision sits	What runs here, and who chose it	Payer programs	Medicare patients, 2024 ¹	Record
4	Mountain View Surgery Center of Scottsdale, of Gilbert, of Glendale (the Scottsdale site is listed as "Surgery Center of Scottsdale")	Three Mountain View signs; the Scottsdale site's page now reads "AZ Ortho Joint Replacement Center." All marked USPI	One licensee for three: Surgery Center of Scottsdale, LLC, on Tenet's list. CommonSpirit's page for the Scottsdale site: "As part of the Dignity Health network"	Fleet standards: USPI. Site tools: one licensee, one chain, three signs. Dignity's name is on a directory page, not on any license or Commission record	USPI's web template at all three; no pre-registration vendor named. Chosen fleet-wide (probable)	ACN, marked (all three)	Mid; 583 / 644 / 651	AZ Care Check ×3; Tenet Exh. 21; the three sites (ledger §19); commonspirit.org
5	Surgery Center of Peoria; Desert Ridge Outpatient Surgery Center; Westgate Surgery Center; Surgical Elite of Avondale	Their own. All marked USPI	Each licensee on Tenet's list under its own name	Fleet standards: USPI. Site tools: each administrator and physician board	USPI's web template at all four; One Medical Passport at three. Chosen fleet-wide (probable)	ACN, marked (all four)	Small 296 / Mid 891 / Mid 366 / Mid 700	AZ Care Check ×4; ACC R10595764; Tenet Exh. 21; the four sites (ledger §19)
6	SurgCenter at Pima Crossing; SurgCenter at Camelback; SurgCenter of Deer Valley	SurgCenter brand. All marked USPI	Three licensees, all on Tenet's list; USPI bought SurgCenter Development's interests in 86 centers in Dec 2021	Fleet standards: USPI. Site tools: each administrator and physician board	Pima Crossing; USPI's web template. Camelback and Deer Valley: no site found	ACN, marked (all three)	Mid; 480 / 472 / 802	AZ Care Check ×3; Tenet Exh. 21; scpimacrossing.com; beckersasc.com 22 Dec 2021
7	Chandler Endoscopy Center; Southwest Endoscopy (Gilbert); gastroenterology	Their own. Both marked USPI	Licensees Chandler Endoscopy Ambulatory Surgery Center, LLC and Southwest Endoscopy, LLC, both on Tenet's list. Both sit on Arizona Digestive Health's site under GI Alliance's footer; GI Alliance calls itself "a Cardinal Health company." Tenet also lists a GIA/USP Surgery Centers, L.L.C.; no record read ties it to these centers	Split. The license is Tenet's; the patient-facing stack is the practice's, so for what the practice chose the door is GI Alliance	Practice stack (ModMed, its own portal); no USPI template. Chosen by the practice (probable)	ACN, marked (both). Practice lists 24 insurers incl. Banner Health, BCBS, Cigna	Mid 978 / Large 2,071	AZ Care Check ×2; Tenet Exh. 21; arizonadigestivehealth.com; gialliance.com
8	Urologic Surgery Center of Arizona (Phoenix; the Perimeter Dr entry has no license on the 2024 roster (current licensing not searched) and billed Medicare in 2024 as a second NPI of the licensee)	Its own. Both entries marked USPI	Licensee Urology ASC Phoenix, LLC, on Tenet's list. The practice, Arizona Urology Specialists, cites a "partnership with Summit Ambulatory Surgery Centers." USPI and United Urology Group signed an agreement in Jun 2022 to form a venture in 22 centers, naming the practice as an affiliate; completion not read. Tenet lists a Summit Ambulatory Surgical Center, L.L.C. (name match)	Fleet standards: USPI under the 2022 agreement. Site tools: the practice, which runs the front end	Practice stack (FollowMyHealth, PayMyDoctor); no USPI template. Chosen by the practice (probable)	ACN, marked (both). Practice lists carriers incl. Banner Health Network, Mercy Care, BCBS	Mid 690; Perimeter entry Large 1,540 (a second NPI of the licensee)	AZ Care Check; Tenet Exh. 21; arizonauro.com; businesswire.com 20 Jun 2022

	Facility (city)	Name on the door	Who holds the license, who is behind it, and when the record says so	Where the buying decision sits	What runs here, and who chose it	Payer programs	Medicare patients, 2024 ¹	Record
9	The Orthopedic Surgery Center of Arizona (Phoenix)	Its own. Marked USPI	Licensee North Valley Orthopedic Surgery Center, LLC, on Tenet's list. Members as printed: North Valley Orthopedic Surgeo[ns] (2010); "AmSung Holdings Inc," Nashville (2010); TOSCA ASC Holdings, LLC, Dallas (2023), on Tenet's list. AMSURG's site lists the center; Ascension closed on AMSURG 4 Jun 2026	Two corporate members on one record with the physicians, one since 2010 and one since 2023, the second on Tenet's list. Which holds the management contract is not on the record	One Medical Passport; the same physician-ownership disclosure as the USPI rows; AAAHC. Who chose it: not read	ACN, marked	Mid; 614	AZ Care Check; ACC R15828950; Tenet Exh. 21; orthopedicsc.com; amsurg.com
10	Arrowhead Endoscopy Center (Glendale; endoscopy)	Its own. Marked USPI	Licensee Arrowhead Endoscopy & Pain Management Center, LLC, not on Tenet's list; its member since 2006, VHS of Arrowhead, Inc., is, in Tenet's own table, not USPI's	Tenet's own table, not USPI's. Tenet has posted a Vice President, Ambulatory Operations, Arizona, who will "work closely with the Group CEO"	Its own site, no USPI template. Chosen by the center (probable)	ACN, marked. Site lists 71 plans incl. Abrazo Advantage, "Mercy Care Plan," AHCCCS	Mid; 816	AZ Care Check; ACC R13186171; Tenet Exh. 21; arrowheadendoscopy.com; jobs.tenethealth.com
11	SurgCenter Gilbert; SurgCenter of Greater Phoenix (Scottsdale)	SurgCenter brand, as row 6. Not in the directory	Licensees SurgCenter Chandler LLC and SurgCenter of Greater Phoenix LLC, neither on Tenet's list. Member and manager of both: "SURGICAL CENTER DEVELOPMENT #3" (as printed), with Stacey Berner and Sean O'Neal on the Chandler record (Pismo Beach) and Sara Bressman on the Greater Phoenix record (Towson). Tenet lists Surgical Center Development #3 LLC (Nevada) as a USPI subsidiary (name match)	The physicians, with a developer-member that the Greater Phoenix record seats at SurgCenter Development's Towson address and whose name matches a company Tenet lists. SurgCenter Development's site: "we allow our physician partners to maintain majority ownership." Same sign as row 6; licensees off Tenet's list, the matching member on it	Gilbert: a local WordPress site, no vendor named. Greater Phoenix: no site found. Chosen by the center (probable)	Not in the directory	Mid 318 / Small 165	AZ Care Check ×2; ACC L18130119, L19141449; Tenet Exh. 21; surgcentergilbert.com; surgcenter.com
12	OrthoArizona Scottsdale Surgery Center (Scottsdale)	A physician group's name. Not in the directory	Licensee OrthoArizona Scottsdale Surgery Center, not on Tenet's list. A Commission record, OrthoArizona Scottsdale ASC, LLC (name match): members Scottsdale ASC Surgeons, LLC and Scottsdale Healthcare ASC, LLC, whose member since 2010 is Scottsdale Healthcare Corp, a name match to the Scottsdale Healthcare that HonorHealth says merged with John C. Lincoln Health Network to form it (2013 or 2014 by its own pages). Two managers are printed as Kim Post and John Neil, the names on HonorHealth's leadership page for its COO and President	Scottsdale Healthcare Corp with the physician LLC; HonorHealth by name match; neither Tenet nor USPI	No center site found; the practice bills on Athena and ModMed	Not in the directory	Large; 1,439	AZ Care Check; ACC 1980806, R15912139; honorhealth.com; orthoarizona.org
¹ Distinct Original Medicare (fee-for-service) beneficiaries with a facility claim at the center's billing number in calendar 2024, from CMS's Medicare Physician & Other Practitioners by Provider file. Medicare Advantage, commercial and Medicaid patients are not counted, so every figure understates the center. Large 1,000 and over; Mid 300 to 999; Small under 300, on the 148 Maricopa County billing numbers in the file. Matching method in the Method, page 4. The tiers rank Original Medicare activity only; a center's rank on all payers may differ.								
Contrast rows, in the directory and not marked. Southeast Valley Endoscopy Center, Chandler (Large, 2,538 Medicare FFS beneficiaries in 2024, the largest on this page): three physicians, two family trusts and MYA Investments LP on the Commission's record; not on Tenet's list. Surgery Center of Gilbert, Mesa (Large, 1,133): licensee only, not on Tenet's list. Arrowhead Surgery Center, Chandler: closed 28 Feb 2026.								
Closed in 2025; the directory, updated January 2025, still lists them, marked. Metro Surgery Center, Peoria, closed 31 May 2025; OrthoArizona Surgery Center Gilbert, 30 Jun 2025; Scottsdale Endoscopy Center, 30 Nov 2025. All three licensees are on Tenet's list as of 31 Dec 2025. In 2024 two were not small: Scottsdale Endoscopy had 1,417 Medicare FFS beneficiaries and OrthoArizona Gilbert 911; Metro had 192. The Commission also carries Dignity/USP Metro Surgery Center, L.L.C. (2010; members USP Phoenix Inc and Catholic Healthcare West, as printed), active and not on Tenet's list.								

WHERE TO AIM				
Account	Sites on this page	The door, and who holds it	What to bring	Then
USPI, Phoenix region (Tenet)	Rows 1 to 8, sixteen sites; the Tenet-listed members in rows 9 and 11	Role only. Regional President, USPI – Phoenix, as Tenet's posting defines it: "oversee operations, financial management, and strategic partnerships." The posting was live on 9 Oct 2026	A fleet case: USPI runs the sites "through management services contracts" (10-K), holds interests in 533 ASCs, and uses one web template at the eleven row 1 to 6 sites with a website found. The Dignity name is not a lever at any row	The site administrator, with a surgeon champion, for a pilot corporate has cleared
Dignity Health Arizona (CommonSpirit)	Row 1's name; rows 2 and 4 by address and directory page; the three hospitals	Named. Anthony Houston, EdD, President, Arizona Market (CommonSpirit leadership page)	A hospital and enterprise case. Dignity's one member seat on the record is in a company with no license read beneath it; this office is a warm introduction to USPI's region, not a signature	CommonSpirit enterprise IT for anything that must match the hospitals
GI Alliance (Cardinal Health), through Arizona Digestive Health	Row 7	Role only. GI Alliance, "a Cardinal Health company," the MSO behind the practice; no holder page read. Tenet lists the licensees	A practice-platform proposal for the front end the practice chose; a facility proposal goes to USPI	USPI's regional office for the facility side
Arizona Urology Specialists (OneOncology), with USPI	Row 8	Role only. The practice; USPI, which "will manage and jointly own the centers" under the 2022 agreement; no holder page read	A practice proposal on the practice's stack; a facility proposal to USPI	USPI's regional office
AMSURG (Ascension since Jun 2026), with Tenet	Row 9	Named. Keith Hennegan, Chief Operating Officer (AMSURG leadership page). Which company holds the management contract is not on the record	Ask before pitching: two corporate members, one physician group, one license. The site runs One Medical Passport like the USPI rows	The physicians, North Valley Orthopedic Surgeons
SurgCenter Development (Towson MD), with USPI	Row 11	Named. Amy Cox, EVP Operations (SurgCenter Development team page)	A physician-majority case, center by center: the company says it works "free of consulting or management fees." The developer-member on both records matches a Tenet subsidiary by name, so USPI's region is the second call	Each center's administrator
HonorHealth (Scottsdale)	Row 12	Named. Riana Kielly, SVP, service line integration, perioperative & procedural care (HonorHealth leadership page, as printed)	A system account, not a USPI account: HonorHealth's name is on its hospital license, and the center's record carries names matching its officers	OrthoArizona, the physician member, for the site
Named: the holder is on the organization's own page, read 9 Oct 2026. Role only: the role is on the record; the holder is not.				
Three things to hold alongside the list. The directory's one mark covers five arrangements on the record: USPI's template rows; two centers whose license is Tenet's and whose front end is GI Alliance's; one whose practice names a partner whose name matches a company Tenet lists; one with a Nashville member since 2010 and a Dallas member since 2023; and one whose licensee is off Tenet's list while its member sits in Tenet's own table. The control facts moved at the management-company level, not the license: SurgCenter Development's interests in Dec 2021, the urology agreement in Jun 2022, AMSURG to Ascension in Jun 2026, three directory centers closed in 2025 with their licensees still on Tenet's list; which is why the maintained version of this page is quarterly. The county's other system fleet is not on this page: the July 2024 roster carries Banner's name on fourteen outpatient surgery center entries, and Atlas Healthcare Partners, in which Banner invested in 2022, says it took over operations of Banner's existing centers in 2019 (its 2022 release says 2018). Method. Control from three records: AZ Care Check license pages (read 9 Oct 2026), Arizona Corporation Commission entity pages, and Tenet's Exhibit 21 to its 2025 Form 10-K (filed 17 Feb 2026), tested by exact name, suffix and punctuation aside; one licensee prints "Physician" where Tenet prints "Physicians." Buying decision inferred from those records and from who chose what is installed. Doors from the organizations' own job postings (the role) and leadership pages (the holder, printed only when the page names one, read 9 Oct 2026); Commission members and managers are control facts as of filing, not doors. Technology from the centers' own sites; payer programs from the Arizona Care Network directory (its mark is an asterisk footnoted "USPI facility"). The column "Medicare patients, 2024" is from CMS's Medicare Physician & Other Practitioners by Provider file, data year 2024, matched to each center by licensee name and street (row 3 by name only; the licensee's billing address is Tempe); note 1 under the table on page 3 gives the definition and the tiers. Names are printed as the record prints them. "Probable" marks a fact inferred from a primary record; "not read" marks a cell for which no public source was opened in this pass. Full URLs for every source are in the working ledger, available with the Fit Assessment. No non-public information was used or sought. Nothing here is a legal conclusion or a recommendation.
